At 3:00 PM, Good Friday, April 10, 2009, the traditional time of Christ's death, my beloved companion and brother, Johnny Allen Butler, entered Immortality. Born August 19, 1939, he was 69 years old. He was the best friend I ever had.

Johnny was brilliant with a wonderful sense of humor, as his countless friends and loved ones know. His writing was wonderful, especially his book, CAPTAIN MOKE'S QUEST, about his beloved Shepweiler, Captain Moke. As he said in his Memoriam about the Captain, the vacuum he left is beyond measure.

Johnny served honorably in the United States Navy and was honored by the Veteran's Administration for his dedication to health issues. Johnny was an excellent provider and protector. He was larger than life and lived it to the maximum.

Wherever his beautiful life force went, he has joined many creatures who love him. He will be missed more than he could ever imagine.

Robert
